Cleveland Mediation Center

CMC promotes just and peaceful community in Northeast Ohio by honoring all people, building their capacity to act, and facilitating opportunities for them to engage in conflict constructively.

Cleveland Mediation Center

is a 501(c)3 non-profit organization that was founded in 1981. CMC promotes just and peaceful community in Northeast Ohio by honoring all people, building their capacity to act, and facilitating opportunities for them to engage in conflict constructively.

We fulfill our mission by continuing our work in the community to facilitate dialogue with neighbors, community members, families or other parties, stop evictions, prevent homelessness, improve school attendance, and train those who wish to mediate.

What is Mediation?

Mediation is a way for parties to resolve their disputes in a private confidential setting with the assistance of a neutral third party. The mediator assists the parties in reaching an agreement on disputed issues by identifying issues, exploring options and facilitating communication between the parties. A mediated resolution allows the parties to avoid the uncertainty and expense of contested court proceedings.
